## DID YOU KNOW?

The "Screwdriver" got it's name because the American engineers surreptitiously added vodka to small cans of orange juice and stirred the mixture with their screwdrivers.

## SNIT, SNERT OR WHAT?

A common term in the Midwest (at least in Minnesota) if you ask the barkeep for a "snit" with your bloody mary, you'll get a large shot glass/lowball of beer.

## "SNIT" DEFINED

A U.S. unit of volume for liquor equal to 2 jiggers, 3 U.S. fluid ounces, or 88.8 milliliters... Courtesy of Chowhound.com
